## WORK EXPERIENCE

---

### Senior Shopify Engineer FE - REMOTE

Dec 2021 - Present

BairesDev • New York, United States

Fully focused on customer requirements, working directly with Liquid, JavaScript, Bootstrap, JQuery, Html5, Css3 and more. At this stage I have managed to develop a very interesting vehicle viewer that helped me to improve my skills a lot since it was my first time creating an app for shopify and I managed to learn many that not only made reference to customization. In charge of integrating apps and managing a web portal with Shopify and PHP. Developing an online store focusing on the delivery logistics. · Technologies used: Shopify, PHP, JavaScript, Liquid, JQuery, HTML5, CSS3, ReactJS, Magento, .NET

### Senior Full Stack Developer - Remote

Nov 2021 - Jul 2022

4WaysTech • San Juan, Puerto Rico

Integrated in different teams working on different projects with technologies such as .NET Core, Razor Page, Shopify, Magento, Javascript, JQuery, DynamicsNav, PHP, HTML5 / CSS3, ReactJs, and Angular. Employing MS Dynamics NAV 2015 along with some integrations, such as Telynet and a central call system. Also employing MS Dynamics NAV for software architecture. Creating a vehicle viewer with available rings for each vehicle. Where you can see how your vehicle looks before buying the rings. · Technologies used: .Net Core, ReactJs, JavaScript, JQuery, Shopify, PHP, MS Dynamics NAV, RapidStart, MS Project, Telynet, Power BI, ERP.
